

# Adrian Burke

## Software Engineer

New York, NY | [adrianburke902@gmail.com](mailto:adrianburke902@gmail.com) | (929) 371-0148 | [LinkedIn](#) | [Github](#)

### Technologies and Architectures

**Front-end** JavaScript | React | HTML | CSS | Bootstraps

**Back-end:** Node.js | SQL | Postgres |

### Experience

In my previous experiences, I have demonstrated a strong ability to develop robust web applications using React, and I've utilized TypeScript to ensure code quality and streamline development processes. My Agile background has enabled me to collaborate effectively with diverse teams, both technical and non-technical, leading to successful project outcomes. I have a genuine passion for continuous learning, which has kept me up-to-date with the latest trends in React and TypeScript, enabling me to tackle real-world challenges with innovative solutions and leverage cutting-edge technologies to deliver exceptional user experiences. I am excited about the opportunity to contribute my skills and expertise to drive technological advancements and make a meaningful impact in the web development field.

### Work History

**Extra Space Storage** - Assistant Manager / IT tech

May 2023 - Present · 2 mos

#### Job Responsibilities

- Proficiently manage and mitigate escalations across the entire district.
- Employ systematic and analytical approaches to troubleshoot and resolve tenant issues and grievances.
